Hydraulic Dead weight Tester – Single Piston

Make: Nagman, India
Model: H3000-SP-500/1

Features:

- Single Piston
- Oil operated
- Adjustable Foot & Spirit Level
- Piston Calibrated thro' "Cross Floating Techniques"
- Calibrated to Standard Gravity
- Accuracies Traceable to International Standards
- Non-Magnetic Stainless Steel Weight Sets

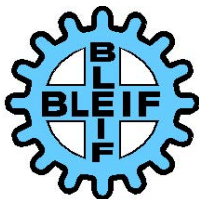

Specifications:

Range	10 - 500 Bar
Accuracy	± 0.1% of reading
Piston	Single
Piston material	Hardened Special Steel Piston & Matching Cylinder
Pressure Generation	Thro' Priming Pump & Screw Ram
Weight material	Non-magnetic stainless steel
Weight Set details	0.5 Bar x 1 No. 1 Bar x 1 No 2 Bar x 2 No's. 4 Bar x 2 No's. 10 Bar x 1 No. 20 Bar x 1 No. 40 Bar x 2 No's. 100 Bar x 4 No's.
No of weights	14 No's.
Quantity	1 No.
Operating Fluid*	Hydraulic oil
Standard Corrections	Gravity : 9.80665 m/s ² * / Temperature : 20°C / Air Density : 1.2 Kg/Cm ²
